SEALED BID

Adequate Penetration: At least 15cm of normal tissue
Transducers (the transducers must have beam steering capability)

- Adult Echo Transducer (3P-A) 1.0-7.0 Mhz
- Pediatric Echo Transducer (7P-B) 2.0-9.0 Mhz
- Curved array probe for fetal echocardiography (3C-A) 1.0-7.0 Mhz

***Note: The bidder must declare all transducer frequency ranges and application in the bid specifications**

- Software and applications for echocardiography (including Doppler) and other cardiac function analysis applications (such as lumen border measurement and analysis, etc.) must be installed
- The equipment must be compliant with Digital Imaging and Communications in Medicine (DICOM) and must be compatible with color Inkjet printers

Accessories

- Thermal Printer

Documentary Requirements:

- Mayor's Permit
- Omnibus Sworn Statement
- Income / Business Tax Return
- PhilGEPS Certificate

I. Standard Requirements:

- Current and Valid Certificate of Manufacturer's compliance with ISO Certified or its equivalent.
- Current and Valid Certificate of Authorized Distributorship (if not the Manufacturer) and Notarized Certification as Local Distributor
- Bidder's certificate that the BRAND must be in the Philippines since 2011
- User's Manual in English Language
- Service Manual (2 copies)
- Latest Certificate of Traceability from the Manufacturer
- Proposed Costing of Preventive Maintenance and Calibration Program for sophisticated equipment, consumables/ accessories.
- Printing and Etching of DOH official logo/ letters (if possible "JRRMMC" in all equipment) in conspicuous space of the equipment but will not affect its function.

II. Training Requirements

- Training at least two (2) from end-users and one (1) from engineering

Handwritten signature/initials
