5. AGBAYANI	ANDREA CAMILLE	HALOS	June 6, 2022 to June 5, 2023	Region IV-A: Antipolo City Hospital System Annex IV

Best Practices:

1. In spite of the restrictions brought about by the Covid 19 pandemic, the PETRU was able to continue providing training programs to the staff with the use of the online platform Zoom. Scheduled interdepartmental Specialty, Morbidity & Mortality Conferences as well as the Multidisciplinary Tumor Board Conferences were continued online. Improved attendance and active participation of each department with the support of their respective consultants were noted. Online webinars replaced face-to-face training programs.
2. Virtual rotation of paramedical affiliates in Medical Technology, Physical Therapy and Occupational Therapy were started pending approval of face- to- face rotations.

Issues and Concerns:

1. Fluctuating Internet connection during online meetings, conferences, and webinars
2. Processing of honorarium of speakers for webinars
