#### V. Issues and Concerns

1. There is no sufficient space for PT/OT staffs for Telerehab services and treatment areas for OPD patients.
2. Some offices requested for our Telerehab services were not available for use.
3. The present working environment (5<sup>th</sup> floor –rehab space) is congested hence not conducive for everyone to do Telerehab.
4. Payment for data use or internet load for the delivery of online rehab services was directly from PT and OT staffs' personal expense
