Accomplishment Report

August 2021

Background:

NCR's quarantine status on the 1st week of August was General Community Quarantine (GCQ) with heightened restriction. It was followed by 2 weeks of general Community Quarantine (GCQ) as there was huge increase in the number of Covid19 cases and variants of concern which in later part of the month was shifted to Modified Community Quarantine (MECQ). With increasing number of Covid -19 cases, our hospital continuously observes limitations in the activities brought about by the high risks of transmissibility of the COVID-19 virus which includes mutation and detection of the highly transmissible delta variant . Hence, still with limitation in the delivery of health and limitations of face-to-face communication though with 4 day duty/week the Public Health, Emerging Disease and Wellness Unit humbly submits the following accomplishment:

I- Continuous linkage with DOH, Health Promotion Bureau (HPBO), DOH NCR MMCHD, HEPO links, to keep abreast with the pandemic and other DOH Health event as a guide in the conduct of health information /dissemination activities.

A. Formulated Risk Communication Plan to intensify public awareness/health information on the Prevention and Control of *COVID- 19* and on other programmed health events in addition to existing IEC materials:

II. CONCERNS:

- A. PHEDWU is intensifying health information and dissemination to the public through distribution of IEC materials, use of TV monitors, social media page and conduct of awareness among employees through ZOOM media. Hence to facilitate the activity, a proposal for ZOOM platform is being proposed.
- B. Need for an updated wellness committee coordinators as focal person to coordinate with for wellness program and activities as per DOH and hospital needs.

III. RECOMMENDATIONS:

- Allocation of budget for use in promotional materials/effective implementation of health promotion advocacies and activities during this time of pandemic i.e ZOOM Platform.
- Update on the composition of different hospital and wellness committee for easy collaboration in the conduct of health information dissemination and activities guided by the DOH health events and our hospital top leading cases of mortality and morbidity in addition to COVID 19 pandemic.
