

Public Health, Emerging Disease and Wellness Unit

Accomplishment Report 1ST Quarter 2021

Background:

COVID-19 pandemic continues to be a health concern with the National Capital Region (NCR) having placed under the General Community Quarantine (GCQ) in which shifted to Enhanced Community Quarantine (ECQ) on the last week of the quarter due to surge in the cases of Covid 19 including neighboring places. Hence, limitations in the activities brought about by the high risks of transmission of the COVID-virus continued. Our hospital still observes limitation in the delivery of health care services like decrease number of duty hours, and limitations of face to face communication, observance of the practice of minimum health standards protocol. Amidst the limitations, the Public Health, Emerging Disease and Wellness Unit submits the;

❖ 1st quarter 2021 accomplishment:

I- Continuous linkage with DOH, Health Promotion Bureau (HPB), DOH NCR Metro Manila Center for Health Development (MMCHD) HEPO links, to keep abreast with the pandemic and other DOH Health event as a guide in the conduct of health information /dissemination activities.

A. Formulated Risk Communication Plan to intensify public awareness/health information on the Prevention and Control of COVID- 19 and on other programmed health events in addition to existing IEC materials:

1. FAQ's for COVID-19
2. 10 Bagay na dapat Malaman Tungkol sa COVID-19 Vaccine (Tagalog)
3. Frequently Asked Questions on Vaccines (English)
4. Fact Sheet for Recipients and Caregivers
5. Fact Sheet on Corona VAC (SINOVAC) Vaccine
6. Fact Sheet on Pfizer Bion Tech Vaccine
7. Fact Sheet on Astra Zeneca Vaccine
8. Side Effects of COVID 19 Vaccination

* Distribution of Above Risk Communication /IEC materials at different strategic areas of the hospital as follows;

1. Offices
2. Finger Scanning Area
3. Clinical Wards
4. Emergency Room Triage Area
5. OPD Patients Waiting Areas
6. Main Entrance/Gate for Employees
7. Side gate for Patients/Watchers/Visitors
8. Operation Center/HEMS Office
9. OPD Gate
10. OPD 1st floor (Vaccination site) during conduct of Vaccination roll out

Public Health, Emerging Disease and Wellness Unit

11. JRRMMC Annex (Geriatric and General Health Services)

- B. DIGI board media playback of Covid19 health event at the different strategic location of the hospital
1. OPD help desk area-for the waiting relatives of ICU/in patients to view
 2. Finger Scanning area-Public view
 3. ESC medicine, Isolation area -for public awareness
 4. Medical Ward-patientand relatives view
 5. Hospital lobby-Public view
 6. OPD 1st floor during scheduled Swabbing procedure
 7. OPD 1st floor during scheduled Vaccination roll out
- C. Use of social media page for information on COVID-19 for public awareness
FB account - Public Health of Jose R. Reyes Memorial Medical Center with the Following Posting & Engagement;

January-----	30 postings	1727 engagements
February-----	24 postings	10436 engagements
March-----	30 postings	2367 engagements

Total Engagements= 14,530

- D. DIGI board video play following DOH based health event at the OPD and Finger scanning area for public view in observance of:

January

- National Deworming Month
- Schistosomiasis Awareness & Mass Drug Administration Month Food Safety Awareness
- Liver Cancer and Viral Hepatitis Awareness and Prevention Month
- ZERO Waste Month
- Autism Consciousness Week
- Goiter Awareness Week
- World Leprosy Day

February

- Oral Health Month
- Philippine Heart Month

No. of employees oriented		326
TOTAL Number of EMPLOYEES oriented =		1,041

H. Participated as health educators in the Vaccination Program roll out done at OPD 1st floor as follows;

Date/s	Activity	COVID Vaccine administered
February 18 & 19, 2021	Simulation activity for the incoming Vaccination Roll Out (tentatively scheduled March 2021)	_____
March 3, 4, and 5, 2021	Vaccination roll out (1 st batch)	Corona Vac
March, 8,9,10,11,12, 2021-	Vaccination roll out C2 nd batch)	Corona Vac & Aztra Zeneca
March 22, 2021	Vaccination roll out (3 rd batch)	Corona Vac & Aztra Zeneca
March 31, 2021	Vaccination roll out (4 th batch)	Corona Vac & Aztra Zeneca

II. Consolidated data from the questionnaires for the survey on the study titled " Knowledge, Attitude and Practices of Health Care Worker in the Prevention of COVID -19 approved by director's office with the aim of proposing plan for additional preventive measures out of the findings which were now submitted for statistical analysis.

Public Health, Emerging Disease and Wellness Unit

III. Acquired & distributed donated campaign materials from DOH-NCR MMCHD among covid wards and strategic areas of the hospital for covid 19 awareness, prevention and control

- 1 unit TV installed at the OPD Patient' s waiting area
- 2 Lapel for HEPO use during conduct of lecture
- 15 pcs. LED fan with COVID awareness signages
- 15 pcs. foldable fan

IV. Submitted the following Reports:

- Unit Action Plan for 2022
- Health Promotion Annual Report 2020
- Form 2316 – for PHEDWU staff
- Sworn Statement of Assets and Liabilities (SALN)2020
- Personal Data Sheet Form –PHEDWU Staff
- Monthly Census at OPD chair office
- Monthly Accomplishment Report

V. Attended meeting /seminars as follows;

a. Meeting

- PHEDWU staff –Agenda: Initial Findings of the Survey on Knowledge, Attitude and Practices of HCW in Prevention and Control of Covid-19
- Accreditation for Suppliers –Agenda: Implementing guidelines in the issuance of ID for Suppliers
- Meeting with MTRO (Dr. Morabe) Agenda: Preliminary findings for the Research/Survey titled: KAP of HCW in the Prevention of Covid-19
- March 6, 28, 2021 Vaccination Team
Agenda; briefing on next vaccination roll out
- March 16-17, 2021- ARTA Workshop

b. WEBnar

- January 26, 2021 -Training of Trainors: (TOT)- Vaccine Demand Generation and Com. DOH
- January 26, 2021- Media Literacy, Learning Session on Reporting Covid-19 Vaccine Deployment - DOH-
- January 27, 2021 via Zoom Project K3: Briefing Session - Philippine Disaster Resilience Foundation -
- March 9, 2021-Vaccinology Training Course by DOH
- March 11, 2021- Health Promotion Orientation on Playbook by DOH

JOSE R. REYES MEMORIAL MEDICAL CENTER
San Lazaro Compound Rizal Avenue, Sta. Cruz, Manila

Public Health, Emerging Disease and Wellness Unit

❖ CONCERNS:

- A.** PHEDWU is intensifying health information and dissemination to the public and is utilizing IEC materials through TV monitors, print out hence to facilitate the activity, a proposal for ZOOM platform is requested.
- B.** Need for additional administrative clerk or IT to assist in the laying of conceptualized IEC materials

❖ RECOMMENDATIONS:

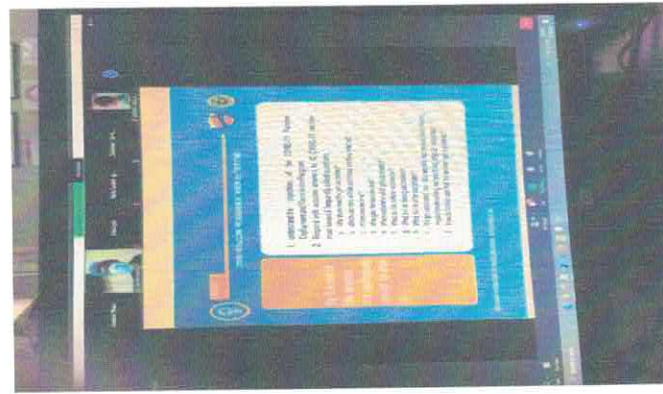

- Allocation of budget for use in promotional materials/effective implementation of health promotion advocacies and activities during this time of pandemic.
- Allocation of budget for a ZOOM platform account to facilitate communication in the conduct of health information and wellness programs activities considering limitation of face to face activities in the hospital setting.
- If feasible, provision of Information Technologist to assist in laying out of IEC materials for hospital consumption

Public Health, Emerging Disease and Wellness Unit
1st Quarter Report 2021

The current National State of Emergency and enforcement of community quarantine measures to curb the spread of the coronavirus, Senior Day Care activities for Geriatric and General Health Services became limited. Senior citizens are considered as high risk for virus transmission, they are refrain from holding mass gatherings and go outside if not emergency.

The Public Health, Emerging Disease and Wellness Unit together with Department of Geriatric and Medicine found its way to communicate with the Senior Citizen through Social Media and different online platform. In order for them to cope with the New Normal they are started to gather last Oct 2020 through the use of ZOOM and social media. Through the webinars senior citizens and staff learned and enhance their knowledge in navigating the ZOOM. Moreover, emphasized importance of wellness to have an active healthy lifestyle amidst pandemic.

Highlights of Accomplishment:

- A. Constant coordination to Geriatric and General Health Services (GGHS) elderly, staff, and taping of resources in promoting health. Due to implementation of Community Quarantine, the Public Health Unit adopted strategies to its activity focusing on the prevention and control of Covid 19 for Senior Citizen.
- B. Provide best support to Jose R. Reyes Memorial Medical Center (JRRMMC) and Geriatric and General Health Services (GGHS) on information dissemination of Health Issues. Assist and support JRRMMC programs and activities through raising awareness against emerging diseases especially COVID 19.
- C. The undersigned has continuous coordination with DOH, Health Promotion and Communication Service (HPCS), HEPO links, to keep abreast with DOH Health Events as backbone in the conduction of health promotion. Moreso, accomplish and submits of Weekly Report for HEPO's and RTF Report at DOH, HPCS and NCRMCHD on Risk Communication on the Prevention and control of COVID-19 started April 24, 2020 up to present.
- D. Reproduce information education materials from DOH and distributed to employees and patients. Also flash COVID 19 prevention control materials in (digi board) television in GGHS hospital lobby as well as Dialysis Center waiting area.
- E. Use of social media page for information on COVID-19 for Public awareness

*Toothache Remedies
 during COVID 19
 Pandemic*

Public Health, Emerging Disease and Wellness Unit

Accomplishment Report

January 2021

Background:

COVID-19 pandemic continues to be a health concern with the National Capital Region (NCR) still under the General Community Quarantine (GCQ), there are still limitations in the activities brought about by the risks of transmission of the COVID-19. Our hospital still observes some forms of limitation in the delivery of health like decrease number of duty hours, and limitations of face-to-face communication, the Public Health, Emerging Disease and Wellness Unit submits the following accomplishment:

I- Continuous linkage with DOH, Health Promotion and Communication Service (HPCS), HEPO links, to keep abreast with the pandemic and other DOH Health event as a guide in the conduct of health information /dissemination activities.

A. Formulated Risk Communication Plan to intensify public awareness/health information on the Prevention and Control of *COVID- 19* and on other programmed health events in addition to existing IEC materials:

1. FAQ's for COVID-19

* Distribution Of Above Risk Communication /IEC materials at different strategic areas of

the hospital as follows;

1. Offices
2. Finger Scanning Area
3. Clinical Wards
4. Emergency Room Triage Area
5. OPD Patients Waiting Areas
6. Main Entrance/Gate for Employees
7. Side gate for Patients/Watchers/Visitors
8. Operation Center/HEMS Office
9. OPD Gate
10. JRRMMC Annex (Geriatric and General Health Services)

B. DIGI board media playback of Covid19 health event at the different strategic location of the hospital

1. OPD help desk area-for the waiting relatives of ICU/in patients to view
2. Finger Scanning Area-Public view
3. ESC medicine, Isolation area -for public awareness
4. Medical Ward-patient and relatives view
5. Hospital lobby-Public view

C. Use of social media page for information on COVID-19 for public awareness
FB account - Public Health of Jose R. Reyes Memorial Medical Center with the

Public Health, Emerging Disease and Wellness Unit

Following Posting & Engagement;

January----- 30 posting 1445 engagement

D. DIGI board video play following DOH based health event at the OPD and Finger scanning area for public view in observance of:

January

- National Deworming Month
- Schistosomiasis Awareness & Mass Drug Administration Month Food Safety Awareness
- Liver Cancer and Viral Hepatitis Awareness and Prevention Month
- ZERO Waste Month
- Autism Consciousness Week
- Goiter Awareness Week
- World Leprosy Day
- Oral Health Care- Zoom Lecture for Geriatrics patients

E. Videos of TV monitors continuously being played as medium for communication of health information and awareness, prevention and control of COVID 19 for patients & relatives at the OPD Complex

F. Accomplishment and submission of Weekly Report for HEPO's at DOH, HPCS and MMCHD-NCR on Risk Communication for the Prevention and Control of COVID-19

Regional Task Force (RTF report) ----- 4 reports

G. Distributed questionnaires for the survey on the study titled" Knowledge, Attitude and Practices of Health Care Worker in the Prevention of COVID -19 with aim of proposing for additional preventive measures out of the findings approved by director's office

Note: Preliminary findings submitted to Medical training & Research Office on January 29, 2021 (for discussion with Dra Morabe)

H. Continuously advocated in the nationwide campaign of DOH titled BIDA Solusyon Sa COVID 19 aimed of motivating the public to practice minimum health standard protocol for the prevention and control of COVID 19 through;

- a. Posting of Tarpaulin/Poster at different strategic sites of the hospital for public awareness
- b. Distribution of IEC materials in different areas of the hospital depicting the BIDA acronym which stands for B-Bawal Di Naka Mask; I-Isanitize ang Mga Kamay; D-Dumistansya Ng Isang Metro; A-Alamin ang Totoong Impormasyon
- c. Airing of BIDA Solusyon Videos at TV monitors installed at visible areas of the hospital

Public Health, Emerging Disease and Wellness Unit

- d. Acquired & distributed donated campaign materials from DOH-NCR MMCHD for covid 19 awareness, prevention and control covid wards and strategic areas of the hospital
- 1 unit TV installed at the OPD Patient' s waiting area
 - 2 Lappel for HEPO use during conduct of lecture
 - 15 pcs. LED fan with COVID awareness signages
 - 15 foldable fan
- I. Attended committee membership meeting seminars, training as follows:
- a. WEBNAR via Zoom
- 1. Training of Trainers: (TOT)- Vaccine Demand Generation and Com. DOH-January 26, 2021
 - 2. Media Literacy, Learning Session on Reporting Covid-19 Vaccine Deployment DOH-January 26, 2021
 - 3. Project K3: Briefing Session - Philippine Disaster Resilience Foundation January 27, 2021 via Zoom
- b. Meeting
- 1. PHEDWU staff –Agenda : Initial Findings of the Survey on Knowledge, Attitude and Practices of HCW in Prevention and Control of Covid-19
 - 2. Accreditation for Suppliers –Agenda: Implementing guidelines in the issuance of ID for Suppliers

II. CONCERNS:

- A. PHEDWU is intensifying health information and dissemination to the public and is utilizing IEC materials through TV monitors, print out hence to facilitate the activity our requested supplies, hard drive, printer ink be also included in the budget plan.
- B. Need for additional administrative clerk or IT to assist in the laying of conceptualized IEC materials

III. RECOMMENDATIONS:

- Allocation of budget for use in promotional materials/effective implementation of health promotion advocacies and activities during this time of pandemic.
- If feasible, provision of Information Technologist to assist in laying out of IEC materials for hospital consumption
